About me.

I have been filming since 2004. I did 15 years producer/shooter and live events camera and jib op work worldwide for non-profit organizations and switched focus to narrative and commercial work in 2020. I'm a D.P., Cam Op and sometimes a Gaffer too. I recently DP'd two features and several short films including the award winning Women In Media film Smashed. I'm in the ASC Vision Mentorship program 2023. I actively work to support women, LGBTQIA+ and inclusive film and television in front of and behind camera.
